

Instructions for authors

All authors are invited to register their works according to the themes of the Congress. It is possible to apply with research and non-research works, as well as e-poster presentations (electronic poster) Final assessment whether the work will be presented orally or with an e-poster will be given by the Scientific Committee of the Congress. Abstract should be written in English or in the author's mother tongue, in font Ariel, font size 12 pts. The abstract should not exceed 300 words. The abstract should emphasize the following headings (Ariel, 12 pts, bold, alignment left):

INTRODUCTION

MATERIALS AND METHODS

RESULTS

CONCLUSION (for research)

If the authors want to apply with a review, the paper should contain the following headings:

INTRODUCTION

CONCLUSION.

The abstracts should be submitted by June 15th, 2015 the latest, to the following email address: kongres.ohrid@gmail.com). When a paper is accepted by the Scientific Committee, the Committee sends a confirmation of receipt of work to the first author, mode of presentation, and an invitation to submit the complete paper, not longer than 10 pages A4, font Ariel, 12 pts, line spacing 1.5.

The papers will be printed in the Proceedings of the Congress.

Authors are fully responsible for the content published in the paper. Also, the authors of the submitted works should submit the text to the Scientific Committee without previous publishing of the same content in any other congress, professional meeting, domestic or foreign magazine. If the text is previously published, the authors should indicate the same. The text of the work belongs exclusively to the authors. The references are cited Vancouver style. The names of the authors should be written under the title, centered, with full name and surname, title and place of work of the author.

If the members of the Scientific Committee establish that further work and explanations are needed relating to the work, all such comments will be sent to the first author only. All works should be in the form of PowerPoint presentations with a duration of 15 minutes.

Electronic poster / e-poster

The electronic poster, or e-poster, is a poster similar to the traditional paper poster, presented on a white screen with a projector. It is a new concept of static electronic image form. The e-poster is presented through a previously created poster in an imaging software (CorelDraw or Photoshop). The e-poster can be presented through a USB drive, DVD/CD, in the form of a high resolution image, JPG or PDF, font 12, and a file size up to 20MB. When making the poster with the software, the resolution should be max. 1780 x 1000 pixels. The high resolution of the e-poster allows for an easier way of communication with the audience. The organizer provides the e-poster presentation equipment: laptop with OS: Windows 7, projector with a 1280x800 resolution.
